PERRYSBURG LOST

Toledo Team Takes the Game After Hot Contest.

The Post Office team of Toledo defeated Perrysburg in a fast interesting game 2 to 1.

Errors in the first inning gave the visiting team the lead. Both teams played first class ball and the game was not safe until the last man was out. Canode and Engle pitched steady and each had 9 strike outs.

P'burg, Canode and Stewart.

Next Sunday the Stuarts All Stars will cross bats with the home boys. This team is made up of good players and a hard game is expected. Come out and see a good game.

COURT HOUSE NEWS.

Henry W. DeVore has brought suit against John G. Watts et al for foreclosure of mortgage on Haskins and Hull Prairie properties and for equitable relief. He recites that on November 18, 1911, John G. and Ellen Watts gave him a mortgage on lot No. 59, Haskins, including the elevator there, and another mortgage on lots 22, 23, 24, 25 and 26, Hull Prairie, including the mill and other buildings to secure the payment of \$6500. He recited that defendant failed to pay the taxes and therefore the mortgage became due. Lot 22 in Hull Prairie was sold at delinquent sale, he says, and on July 16, 1912, lot 59 in Haskins was sold by defendant for \$6000 of which amount \$5957.55 was turned over to the plaintiff, the latter releasing the mortgage. On January 15, 1912, the above named defendants gave plaintiff a mortgage for \$2000 on the property mentioned. Plaintiff asks that Mr. Watts be enjoined from disposing of the property and that a receiver be appointed to administer it until final hearing of the suit.

ANOTHER NEW STORE.

Mr. E. E. Clark of Shenandoah, Iowa, has decided to engage in business in Perrysburg.

Through real estate agent Dewland, he purchased the Powers residence on Second street from Mr. Everett Chapman (who had owned it only a few months) and expects to locate here about the first of June.

Mr. Clark will engage in the jewelry business and has rented the Himmelman building on Main street. He has had many years experience in the business and will put in a complete line of goods.

INTO THE RING

J. W. Lyons is a Candidate for Wood County Recorder.

Perrysburg will be represented in the political contest for nominations this year, now that J. W. Lyons of this place has tossed his hat into the ring for nomination for Recorder.

Mr. Lyons made the race two years ago when there was no possibility of success, but he did his duty by the party in an effort to keep the organization alive and now his friends feel that he is entitled to their support.

In every respect Mr. Lyons is worthy and capable to fill the office he seeks.

He has been honored by the people of his home town by election to the office of Village Clerk and has proven himself a very capable official, and if nominated and elected to the office of Recorder he will render efficient service to the people.

J. W. LYONS.

TRAIN HITS AUTO

Family Narrowly Escape Death When Crossing Railroad Track.

Mr. William Brossia, wife and four children had a narrow escape from death when their automobile in which they were riding was struck by a fast C. H. & D. freight train on Saturday afternoon last.

They were crossing the track on the Frick road when the engine struck the rear end of the machine turning it over and throwing the occupants out.

Mr. and Mrs. Brossia and the children, after being attended by a physician, were able to go to their home on the Warner road. The machine was badly damaged.

"SNIVEL" SERVICE ORDER.

The circulation of political petitions by any State or municipal employe under Civil Service for any candidate, for any office on any ticket is a violation of Section 23 of the State Civil Service Act, and any employe of the state, or of any political sub-division, who violates this law will be recommended for dismissal from the service.

This is the ruling of the State Civil Service Commission at Columbus, and the co-operation of the county and municipal officers is requested in seeing that this section is not violated.

MEXICAN SITUATION.

Mexico has very quickly quieted down since the acceptance of the offer of mediation by the Minister of Argentine, Brazil and Chili. The Ministers of these South American countries, which are composed of the Latin race, are earnestly at work endeavoring to heal up the breach between Mexico and the United States. This committee, which is being spoken of as the "A. B. C." Committee has gone to work in earnest in their endeavor to help save the problem. No one was surprised at the acceptance of this offer by the usurper, Huerta, as he is personally in a desperate situation, for the Mexican people are as tired of him as we are disgusted with him, and they are on the verge of overthrowing his government.

At the first shock of war the Mexican people became very bitter towards the United States, especially when our Marines took possession of Vera Cruz. The more intelligent class of people, however, down there are beginning to realize that this country is really the sincerest friend that they have, and they realize now as never before that our only desire is to restore order in that unfortunate country, and not to gobble up their country.

DEATH VALLEY

Called "Valley of Fire" by Early Tribal Indians.

While touring the west a friend informed the writer of the death of a boyhood chum (William B. Slawson) in that region known as "Death Valley" denominated by the early tribal Indians as the "Valley of Fire."

To those of our readers who are not familiar with the climate conditions of that section the following brief description may be of interest.

At a certain stage, after being attacked by the heat, the person begins to run and claw at his breast. First his hat is abandoned. Then he begins to claw at his shirt, and finally tears it from him.

Then he turns in a circuitous route and narrows the circuit until finally he falls exhausted in a heap and never rises again. Delirium comes on instantly.

It is at this point that the victim begins to tear at his upper garments and run. It is presumed that the terrible suffering from the heat and thirst feels like a load on his lungs and makes breathing difficult, and that the victim imagines by running he is getting away from the thing, and that in clawing off his upper garment he is releasing the weight.

The Piutes, Washoe and other tribes in early days condemned their criminals to the country surrounding Death Valley. When an outlaw Indian violated the most sacred laws of his tribe he was condemned to the "Valley of Fire," where he was expected soon to perish.

Of the hundreds of bodies found in Death Valley, where men perished from heat and thirst, they are almost universally naked to the waist. The trail made by the men before death also shows a circuitous course.

Scientists who have visited Death Valley in warm weather and had a touch of the heat state that the extraordinary effect of the heat there is caused by the peculiar situation of Death Valley. It is from 100 to 400 feet below sea level and is shut in on all sides by high mountains.

The Panamints range shuts out the moist air from the Pacific ocean, and the Funeral and Grapevine ranges shut out the wind from the slight vegetation on the eastern side, so that the only wind that reaches Death Valley and the atmosphere of that region is the driest on earth; that it absorbs from every living thing, both human and vegetable, every particle of moisture.

HEART OUTSIDE BODY

With nothing but the arteries attaching its heart to the body the boy baby born Wednesday of last week to Mr. and Mrs. Clyde Bomer west of this place lived until Tuesday morning says the Prairie Depot Observer. Operation to place the heart inside the body was deemed impossible by physicians and surgeons. The case was considered a very exceptional one.

Eczema spreads rapidly; itching almost drives you mad. For quick relief, Doan's Ointment is well recommended. 50c at all stores.—Adv.

SOME OBSERVATIONS

Concerning Nothing Very Serious But Worthy of Thought.

It is our candid opinion that many a man has escaped a surgical operation because the doctors didn't think he had the price.

We think it will be conceded that it was Mrs. Pankhurst who put the rage in suffrage.

We assume that in handling the troops "every little movement has a meaning all its own."

The P. C. A. Membership has now reached 244. Good!

The surgeons have finally decided that radium is a failure as a cure for cancer, but lots of people still believe that carrying a buckeye in the right hand trousers pocket will cure rheumatism.

Swat the fly. In other words, be a fly cop even if you are not on the regular force.

We do not know who is the coming man in Mexico, but Huerta is the going one.

The Association Rooms do not belong to any Clique, but to every man, woman, and child in town. Use these rooms.

It's a waste of time trying to explain the Mexican situation to a girl with a new spring hat.

The Association, this summer, will give a Five Dollar prize on all streets from Front to Seventh inclusive, for the best kept yard and lawn. The park committee will view the lawns occasionally during the summer, and the seven prizes will be awarded in the month of October.

It is only necessary to drive for a few hours over the splendid roads of Wood County to impress upon the observer the splendor of Wood County farms and farm homes. We doubt if there is another county in this grand state that shows greater evidence of prosperity and progress.

A man with a very red nose asked a friend of mine for a small loan. He denied being a drinking man and in explanation of his red nose he declared "it was blushing with pride because it never butted into other peoples business." He got the loan. Any body else want a quarter?

Harold Wallace of Perrysburg is a member of the cruiser San Francisco, the mine laying ship, now with Admiral Fletcher at Vera Cruz. It was the guns of this ship that shot out the windows of the quarters occupied by Mexicans who were firing on U. S. marines in the streets of Vera Cruz.

SPECIAL ATTRACTION.

Howard I. Shepherd Will Address Civic Association Meeting.

The meeting of the Perrysburg Civic Association to be held at the assembly room on Thursday evening, May 7, will offer a special attraction which will be of much more than ordinary interest to the members.

Mr. Howard I. Shepherd, Vice President of the Ohio Savings Bank of Toledo will be present and address the members. Mr. Shepherd has done great service in civic work in Toledo and is regarded by members of the Commerce Club as a very able speaker on the subject of civic welfare. Everybody should come out and hear him.

THE HOME COMING

Promises to be a Great Event in Perrysburg.

That Perrysburg will do herself proud in the Home Coming Celebration to be held here in August is being made a certainty by the plans now being considered by the Civic association.

Already the committee is at work devising ways and means of making it the grandest event of its kind ever held in the county.

The occasion will be a combination of Home Coming and Summer Festival and not only will the former residents of the village be given a cordial welcome and pleasing reception, but the people from the surrounding country and villages will be delightfully entertained.

The big Main street will be enclosed and a series of events will be given that will be of special interest to everybody.

There will be plenty of free attractions as well as those which will be shown inside the enclosures.

There will be a balloon ascension (of course.)

A special attraction of interest to the farmers will be a horse show with prizes for entries.

A band contest in which bands from several towns will participate for a prize of \$100.

Uniformed fraternal organizations will give exhibition drills for prize of \$100.

There will also be a large number of attractions such as are customarily seen at Street fairs and numerous other events and attractions for each day and night of the week will make Perrysburg the Mecca to which the people of Wood and Lucas counties will "wend their way."

The committees are doing every thing possible at this time to give the visitors a glorious good time.

The Journal suggests that the usual "games of chance" be "cut out" and that the "wheels of fortune" shall not appear.

There are plenty of interesting events that may be given to take their places.

The show should and we believe will be one which every citizen can cheerfully take a part.

Keep Bowel Movement Regular.

Dr. King's New Life Pills keep stomach, liver and kidneys in healthy condition. Rid the body of poisons and waste. Improve your complexion by flushing the liver and kidneys. "I got more relief from one box of Dr. King's New Life Pills than any medicine I ever tried," says C. E. Hatfield, of Chicago, Ill. 25c at your Druggist.—Adv.
